Registration: EF66TXV

Date of registration: 15/12/2016

Mileage: 23,138

Manufacturer's Warranty valid until: 15/12/2019

Your BMW warranty guidelines

How long does BMW's warranty last?

BMW's new car warranty is for three years from the original registration date with unlimited mileage. This includes BMW Emergency Service.

What should I do if my car shows any defects within the warranty period?

Contact your local BMW Centre or BMW Service Authorised Workshop immediately.

What could make my warranty invalid?

Your warranty may be invalidated if you continue to drive your car when a fault becomes apparent.

Your warranty doesn't cover faults that have occurred as a result of misuse, negligence, accidents or normal wear and tear.

Damage or defect to your car caused by poor or insufficient servicing won't be covered by the warranty.

BMW, the selling BMW Centre or any BMW Group company in the UK can't be held responsible for modifications to the vehicle which lead to defects, unless those modifications have been approved by BMW, an Authorised BMW Centre or a BMW Service Authorised Workshop.

The warranty does not extend to faults that have occurred as a result of the car being used for racing, rallying or similar competitive sports.

What are the service requirements to keep my warranty valid?

Recommended service intervals vary across different models – please refer to your maintenance booklet for specific detail.
